Product Name:  
منیزیم استئارات

## MAGNESIUM STEARATE

| Test Item              | Unit  | Method             | Limit   |
|------------------------|-------|--------------------|---------|
| Appearance             |       |                    | Powder  |
| Color                  |       |                    | White   |
| PH                     |       | APAG               | 6.5-7.5 |
| Density                | g /l  |                    | 330±30  |
| Solubility Description |       | Insoluble In Water |         |
| Melting Point          | °C    | APAG               | 130-145 |
| Free Fatty Acid        | %     | APAG               | 1 Max   |
| Heavy Metals(as Pb)    | ppm   | ISIRI1324          | 20 Max  |
| Sulfates               | %     | USP29              | 1 Max   |
| Chlorides              | %     | USP29              | 0.1 Max |
| Particle Size          | 45µm≥ |                    | Min 90% |
| Moisture               | %     | APAG               | 5 Max   |
| Assay as Mg            | %     | USP29              | 4.3-4.8 |
| Assay as MgO           | %     | ISIRI1324          | 7.2-8   |
| Packing                | Kg    |                    | 20      |
